

PLY-LO 410™

Metal to Wood Fasteners

A brand new fastener for attaching GALVALUME™ and other long-life roof panels to wood frame buildings

Applications

- GALVALUME™ roof panel to wood frame.
- GALVALUME™ roof panel over insulation to wood frame.
- Stitch GALVALUME™ roof panels sidelaps.
- KYNAR™ Paint System roof and sidewall panels to wood frame.

Product Features

- 410 Stainless Steel with ULTRASEAL™ coating.
- Non-walking milled point for fast material engagement
- Hi-Lo thread for fast panel pick-up and superior holding strength versus standard sharp point.
- 304 Stainless Steel bonded sealing washer provides lifetime protection from red rust.
- Vulcanized bonding of washer eliminates separation of EPDM from the metal backing.
- High HWH for driving stability - 1/4" Across Flats provides more finished appearance than comparable zinc-aluminum capped fasteners.

Product Specifications

- Diameter** #9
 - Thread Form** 9-14 Hi-Lo
 - Head Style** 1/4" across flats hex washer head
 - Washer Style** 304 Stainless Steel - 1/2" O.D.*
